LASER SKIN CORRECTION

Sona offers a variety of lasers to address your skin concerns, giving consultants the flexibility to combine technologies for a customized solution. Eliminate the appearance of sun damage and age spots, significantly improve skin damage caused by UV exposure, aging, melasma, scarring, fine lines and wrinkles. Using minimally invasive procedures that have little down time, Sona can make your skin look and feel years younger.

BOTOX AND DERMAL FILLERS

Botox® is a safe, non-surgical injection that temporarily reduces or eliminates fine lines and wrinkles. Dermal fillers are small injections below the surface of the skin used to fill in unwanted lines and wrinkles. Sona has the distinction of "Black Diamond" status, the highest status afforded by Allergan, makers of Botox. This means our injectors are some of the most experienced in the country for Botox and fillers. Sona also participates in the exclusive Botox Brilliant Distinctions Program that earns loyal clients additional discounts on future treatments.

MAINTENANCE

Sona also offers chemical peels, microdermabrasion, and medical grade skin care products. Check with your local Sona Dermatology & MedSpa, offerings may vary by location.

BODY CONTOURING AND COOLSCULPTING

Body contouring is the perfect way to target problem areas of loose skin, fat, and cellulite. Safely targeting, and eliminating diet and exercise resistant fat, CoolSculpting delivers proven, noticeable, and lasting results for your abs and flanks, inner and outer thighs, back, and even chin. A personalized treatment plan, with no surgery or downtime, will be developed for you by the experts at Sona to meet your individual goals.

Sona also offers Venus Legacy, a radio frequency technology that can help you achieve tighter skin, softening of wrinkles, and reduction of cellulite. Treatments are non-invasive and pain-free, with many clients comparing the experience to a warm massage. Most areas of the body can be treated, including the face and neck.

LASER HAIR REMOVAL

Remove unwanted hair with our advanced lasers, an effective, comfortable, and safe treatment. Remove hair from virtually any part of the body. Plus, only Sona offers you the Sona Lifetime Promise for laser hair removal. We offer two complimentary treatments if needed and, if additional treatments are ever desired, clients will receive them at substantially reduced pricing.
NOW OFFERING  
DERMATOLOGY SERVICES

At Sona, it has always been our mission to help you look and feel your best, providing solutions to your skin concerns with a variety of technology-driven services. But this only addresses the appearance of your skin, not its health. That realization, understanding your best skin can only be achieved through considering both its health and beauty, has driven us to introduce dermatology services in each of our centers. We’re expanding our mission, from just helping you look and feel your best, to helping you conveniently access a high level of comprehensive dermatological care so you can achieve healthy, beautiful skin for a lifetime.

GET AN ANNUAL SKIN EXAM

Choosing Sona for your dermatology care is also a convenient way to get your annual skin exam. Just like a yearly vision exam for your eyes or a dental cleaning for your teeth, your skin needs a regular check-up. A yearly skin exam is an effective way to catch skin cancer at an early stage, when it can most effectively be treated, and to manage the general health and wellness of your skin.

“MELANOMAS FOUND BY PHYSICIANS TEND TO BE THINNER [THUS AT AN EARLIER STAGE, AND MORE EASILY CURED] THAN THOSE FOUND BY PATIENTS ON THEIR OWN.”
- THE JOURNAL OF THE AMERICAN MEDICAL ASSOCIATION

It takes less than 10 minutes and could save your life. If you have never had a skin exam or haven’t had one recently, schedule yours today!

CARING FOR YOUR SKIN

The skin is the largest organ of the body. It protects us, contains us, defines us, and it is frequently ignored until something goes wrong. Dermatology care isn’t something you should just seek out when you have a problem, regular examination and maintenance of your skin provides a life-long benefit.

1 IN 5 AMERICANS WILL DEVELOP SKIN CANCER IN THEIR LIFETIME*

Whether you’re maintaining your skin’s health or having an acute issue, Sona Dermatology & MedSpa provides you with high-quality skin care, using leading edge technology and medical expertise, all in a warm, welcoming environment.

MUCH MORE THAN DERMATOLOGY

Healthy skin is just the beginning. Sona offers a full range of cosmetic services to address the appearance of your skin as well. Our experienced skin consultants will analyze your skin, listen to your concerns, and help you select the best treatments and services to achieve your personal skin goals. Whether you are concerned about wrinkles, skin laxity, sun damage, age spots, acne scarring, hair reduction, body contouring, or fat reduction, your consultant will guide you through the technology solutions available at Sona and recommend a customized approach.

When you’re ready to start your cosmetic services, you’ll see one of our licensed treatment professionals. These medical professionals receive the highest-quality training through the exclusive Sona certification process which enables them to provide exceptional service and treatments to our clients. All treatment professionals maintain strict safety standards and use the most advanced technology to deliver the best possible results.

PAYMENT AND INSURANCE

We participate in many insurance plans. Please be certain to provide our office with completed and signed insurance forms, billing information (insurance card) and all required referral and authorization forms prior to, or at the time of each visit. Some medical conditions may require treatments that are not fully covered by insurance. We will let you know if this is the case before proceeding with any treatment. For our patients who do not carry medical insurance, we ask for full payment at the time services are rendered by check or credit card.
